

Delegate App – Delegate's Conference Application smart Conferencing for *DIGIMIC*[®]

Article no.: OS.0050

Application example

Description

Brähler's Delegate App provides all information of the conference readily available at your delegates' fingertips. The conference app, based on brählerOS and being available for Android, Microsoft as well as iOS devices, provides your guests with all of the noteworthy information about your event at all times: Besides the interactive agenda, portraits of the speakers, documents, an attendee database with contact information, and many other options will keep your audience continuously up to date. The layout and functions of the app can be adapted to the specific needs of your conference. Among other things, your own logo and name can be displayed inside the app. In addition you can display banner ad for each speaker and agenda topic.

Generate added value through information and advertisement!
